

MARINER

Here we laughed, lived, and learned

HARBOR HYMN

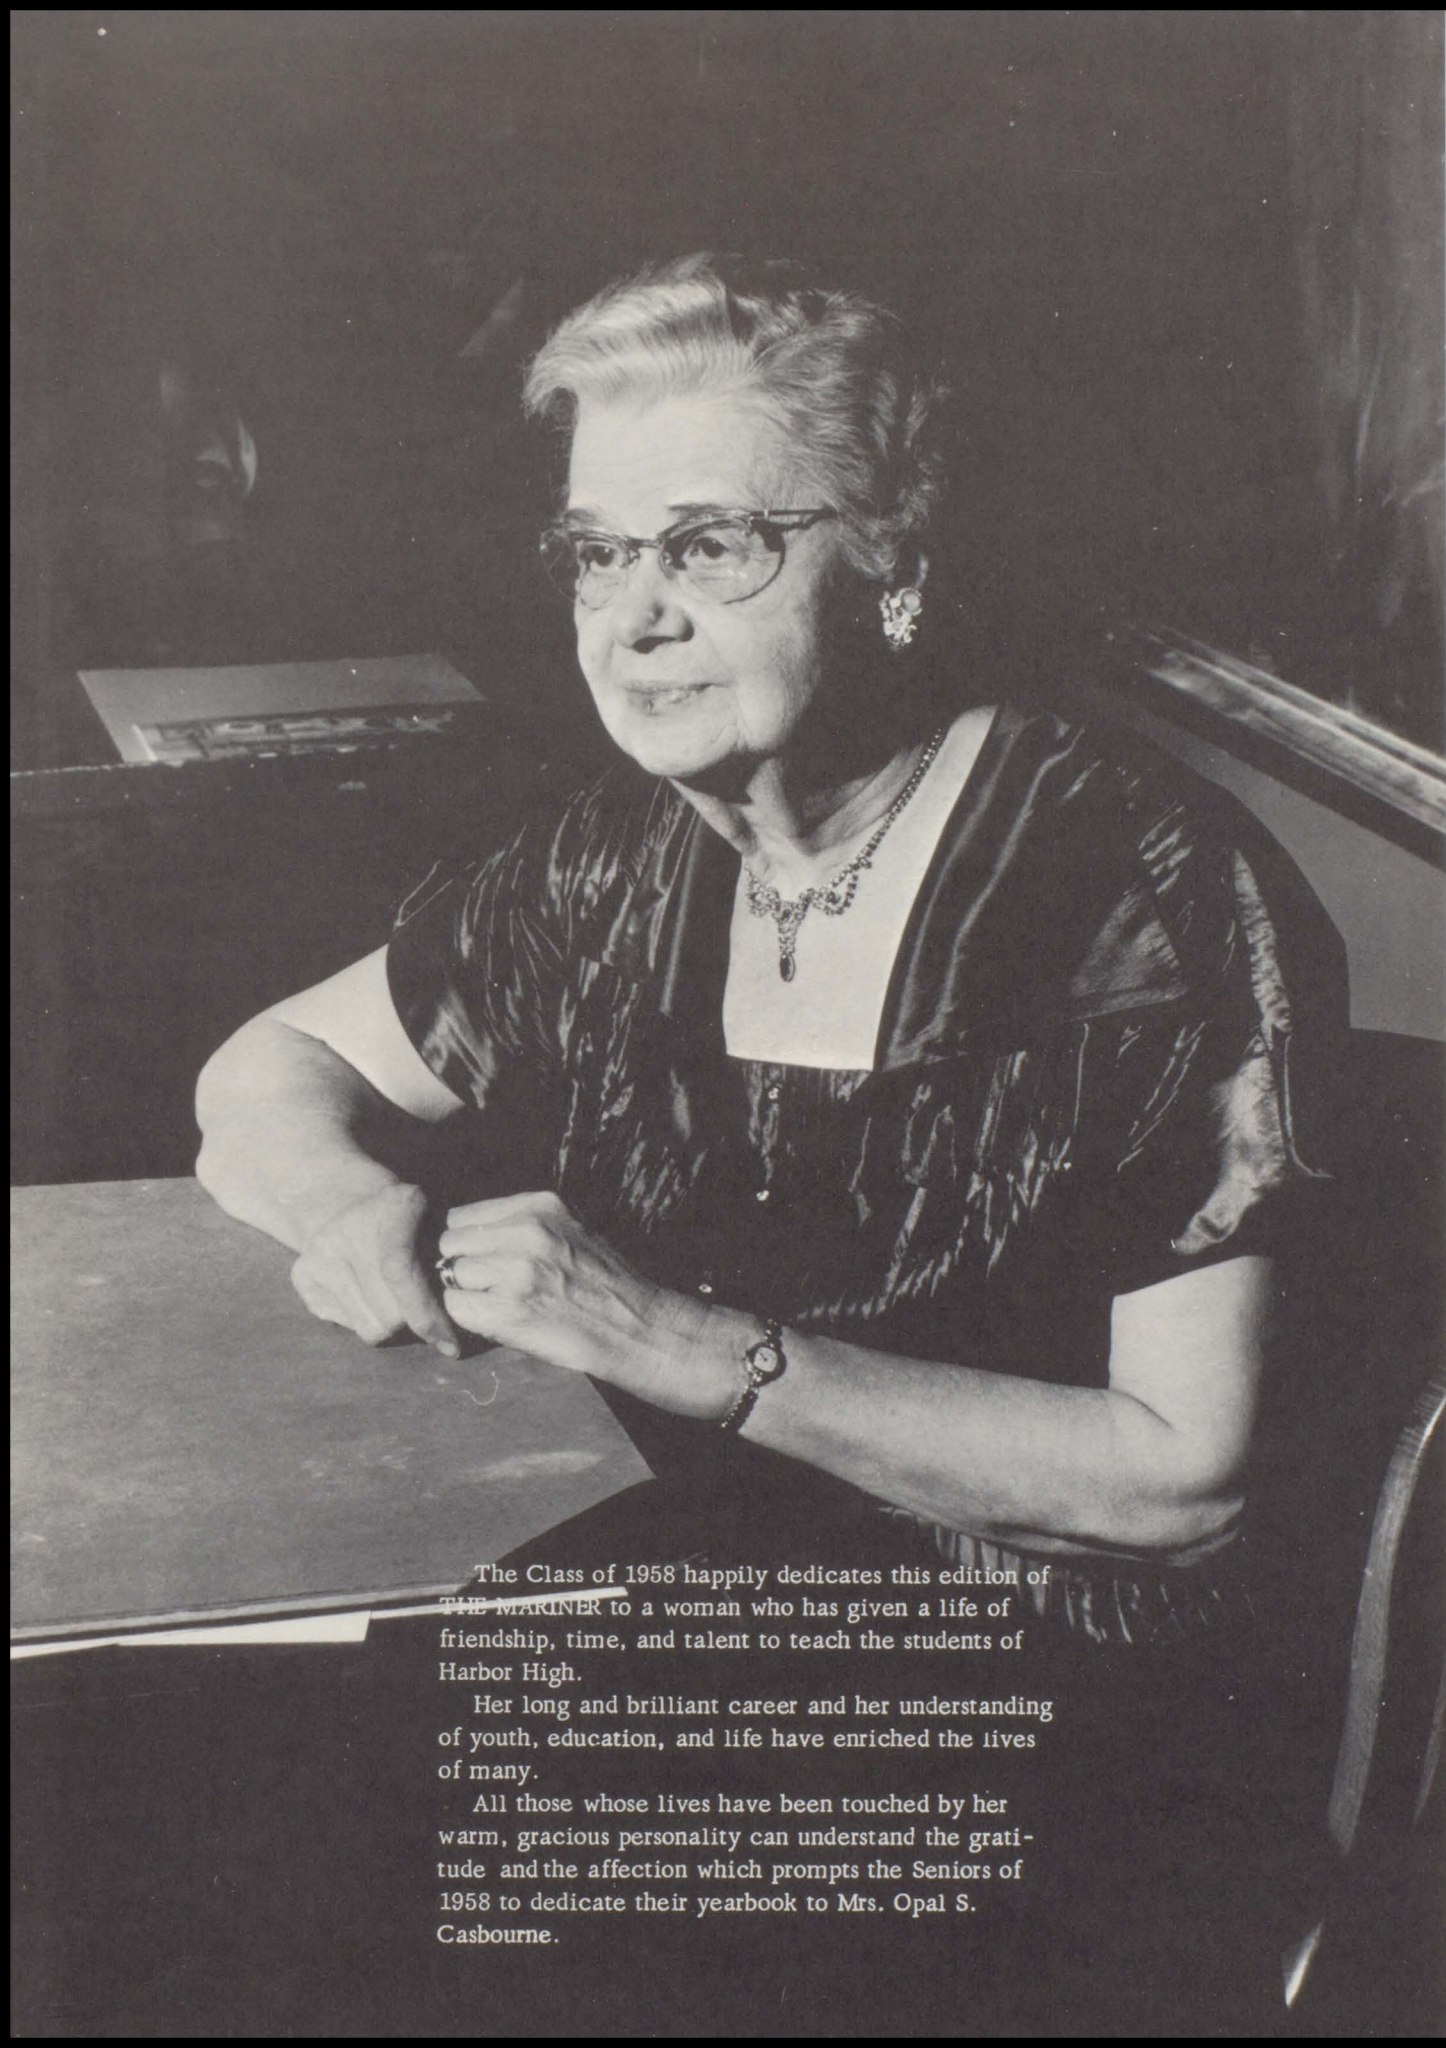

"Beside Lake Erie's water blue
 Stands dear old Harbor High;
 Her friendliness, her spirit true,
 Her fame will never die.

Harbor, dear Harbor High,
 Thy name we love!
 Send forth thy guiding light
 Reflected from above.

Purple and gold shall be
 Colors of royalty.
 We pledge our loyalty,
 Harbor to thee!"

Here we practiced, played, and promenaded

The Class of 1958 happily dedicates this edition of **THE MARINER** to a woman who has given a life of friendship, time, and talent to teach the students of Harbor High.

Her long and brilliant career and her understanding of youth, education, and life have enriched the lives of many.

All those whose lives have been touched by her warm, gracious personality can understand the gratitude and the affection which prompts the Seniors of 1958 to dedicate their yearbook to Mrs. Opal S. Casbourne.

Seniors of 1958:

You are to be congratulated! You are now experiencing the first great triumph of your life. You are graduating from public school. I hope you enjoy the thrill of every moment of this experience. I hope, too, that your joy is tempered with much humility and thanksgiving to those who have helped guide you along the way--your parents, your teachers and every citizen of the community.

No other experience will again be like graduating from high school. You will leave this behind and look to the future to develop a life, a career and an influence.

For some of you graduation will be the terminal point of your formal education. For many, I hope, it is the stepping stone to continue your education in hospital, college and graduate school. Regardless which path you take, if you are to live successfully and receive happy recognition for greatness in deed and personality, today is just the beginning of your education in the great college of human experience.

I can offer you no great words of wisdom. Nor can I set up any guideposts along the way. The things I might say are just those that have lighted a path to others who have gone before or are now traveling the path of life.

I do know that you live in a golden age and that opportunities beckon to you as never to any mortal in the past. I do know, too, that temptations were never so numerous nor so glamorous as they will appear to you.

You are of a mechanical age, the advances of which are fabulous. You are the children of the atomic age. This means you have learned secrets of mother nature which were hidden in the past. But, the men of this age have hardly scratched the surface of the great field of knowledge that is to be. There is in this age a tremendous need for ability to delve from the known into the unknown and abstract.

So, if you are "to leave footprints on the sands of time," you must get started. Delay is too costly to you and to the world. You must decide what you want to do, what you want to be, and how you wish to influence people. To achieve in any path, you must possess the initiative to be curious and at times quite critical. You must choose an ideal and exhibit perseverance and physical stamina, often in the face of grave odds against you; to explore that ideal even though it will consume much time and sap your energy. Out of such experiences in life will evolve your leadership ability. And, truly no man has really lived until others follow him.

With what I have stated, do not get the idea that life is all struggle and superserious. One compensation of a useful life is inward happiness, a happiness that cannot be adequately described in mere words. Do not take yourself too seriously, not many others will. Develop out of your striving a good sense of humor. Laugh at your own mistakes, because others will. Activate yourself to making laughter in others--then laugh with them.

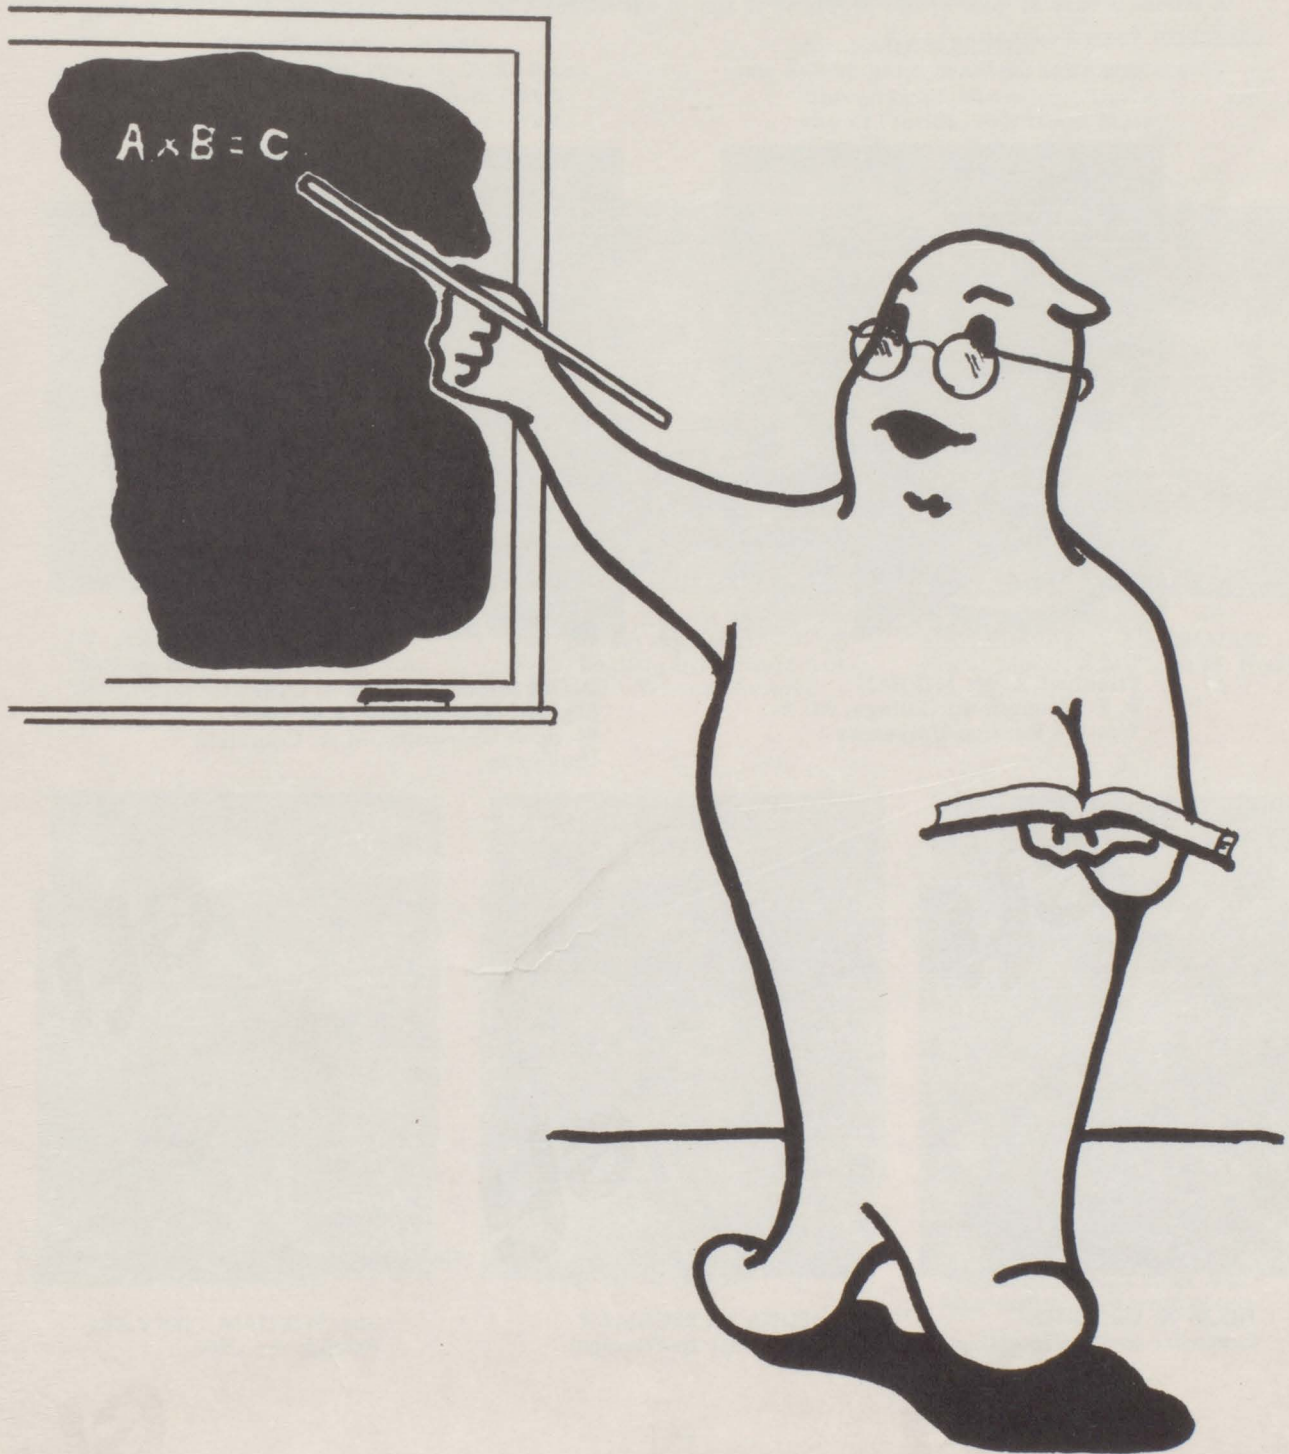

The unknown surrounds every man not led by God. Develop an abiding faith in God until you feel as a son or daughter of His. Then you will see Him in others and they will become your friends and brothers.

You have many things going in your favor.

My earnest wish for you is that your life will be one of working intensely, playing hard, resting well, and worshiping constantly.

Sincerely,
Ralph S. Lanham

FACULTY AND ADMINISTRATION

AID STUDENTS IN MANY WAYS

What would we have done without you, our teachers? Tucked away in our memories will be the part you played in helping us grow.

You made us work by giving us the desire to learn. You showed us that learning can be really interesting, and you were always willing to help us get the most from every subject.

We probably shall not remember every little detail of our subjects; however we received something greater. We learned from you how to appreciate the better things in life--those things that will make our life richer in the future.

A school is only as good as the people in it and to our teachers we give much of the credit for making our school years a success.

To you teachers, we leave a big "thank you."

CUSTODIANS AND ENGINEERS

The caretakers play an important part in the life of our school. To the engineers we owe a big "thanks" for keeping our school warm and well lighted. They are always ready at our dances and games to lend a helping hand.

Also thanks to our custodians who keep our school neat and spotless. The custodians room is known as the "last resort" for lost articles.

TEACHERS' LOUNGES

The color scheme of Room 304 was changed to yellow, brown, and green, as it became a teachers' lounge. Drapes, furniture, and other conveniences were purchased through the efforts of Miss Mary Boyce, Mrs. Ileta Eddy, and Supt. R. S. Lanham.

Mrs. Eddy and Mrs. Susmann relaxing in the new teachers' lounge.

Taking a breather are Mr. Fawcett, Miss Beuhler, and Mr. Huff in the smoking lounge.

TO YOU, Mr. JONES,

OUR FAVORITE

When Mr. Jones came here three years ago, he was confronted with our sophomore English classes. His hat, umbrella, briefcase, accent, and terrific personality made him popular right away, and we elected him as our class advisor that year and the two following years.

When we had him for English, we thought of him as the "teacher of the class we enjoyed most."

In our junior year he became the one to whom we could go with ideas and problems about the prom. We feel that our prom was one of the best ever, and we know that we can thank Mr. Jones for its success.

And this year as our yearbook advisor he has done everything possible for us.

Mr. Jones has taken an active interest in our class projects and in us as individuals; yet he has never been one to force his opinions on us, but rather has guided us in all we have done.

During the month of September in the year 1945, a great event occurred--we, the class of "58," started kindergarten. It was a year of new experiences for us who would soon become one of the most talked about classes in Harbor High's history.

Our class grew, and with us grew our Harbor spirit. When sixth grade was over, armed bravely with library cards and H-books, we marched to the high school building. Behind us lay operettas, school parties, and Jackson-Washington animosity--this too developed into "that spirit," the spirit of being loyal to Harbor.

What lay ahead of us could not be imagined. So many wonderful experiences were waiting for us.

As seventh graders, we looked up to the seniors hardly believing that we would some day reach that high position.

Eighth grade arrived and then we could look down at the youngsters--the seventh graders. It was a formative year, with plans made for the future. This was a big year, for it was then that Fawcett Gymnasium was completed.

Freshmen at last. It hardly seemed possible. But there we were, struggling with Latin, algebra, and other new subjects.

When our sophomore year arrived, it brought problems of the future. We started raising money with the prom in mind. Highlight of the year was the sophomore class play, "Antic Spring," given in the annual Varity Show. This was also a big year for the Latin students, when they presented the Roman Banquet.

We all enjoyed giving "June Mad" for our junior class play. We worked eight months planning for our Prom, "Carousel." It was beautiful!

Finally we reached our goal. There were the little seventh graders looking up at us. . .we were seniors at last! It hardly seemed possible that soon we would be going our separate ways--why only yesterday we had entered the seventh grade together.

Our class will never be completely separated, for no matter where we are, a part of our Harbor Spirit lives with us.

What's the difference between a "brain" and a "book-worm?" Take a look at the Top Ten. Not any of them can really be considered "book-worms." There's "brain" in all of them that's put to good use. Their lives are not spent studying all the time.

In the group are: Anne Laird and Patsy Miller, both with a 4.000 average. Anne is one of the co-editors of the yearbook; Patsy is president of the National Honor Society. The lay-out chairman of the yearbook, Bonnie Bishop, has 3.8125. Dave Searl, who is the subscription chairman of the yearbook, has a 3.7910 average. Louise Shouse, with 3.7192 is in several organizations. Nancy Morrison, treasurer of GAA, has 3.6000. Karen Knudsen, with 3.57869, is president of Thespians. Throughout the past year we, the junior class, have worked hard to make the annual prom and banquet a success. Several money making projects were undertaken in order to raise the necessary funds. Our biggest venture was the presentation of the class play, "Papa Was a Preacher." Each class member belonged to a ticket-selling team competing with each other for the highest number of ticket sales. The weeks of hard work were brought to a close with a class party after the final performance.

Two of the school's important dances, the Thanksgiving and Easter dances, were sponsored by our class. Some of the other projects carried on during the year include holding bake sales, selling stationery and candy, working at the concession stand, and participating in the annual carnival.

YEAR

"We came, we saw, we conquered."

As seventh graders we had a class of 103. A class hay ride was held, and also several class projects.

Our big moment in the eighth grade was our class play "Who Gets The Car Tonight." We made some money and put it away for our junior year. A class picnic ended the year's activities.

Projects began to boom in the ninth grade, with bake sales heading the list. The class play "Life of the Party" was given. A hay ride was held and an end of the year class picnic.

The Junior-Senior Prom being our main goal, money making projects were our chief interests. Bake sales and Christmas-tree selling were included. We presented in the Variety Show "The Valiant," a one-act play.

CLASS OFFICERS, Suzanne Regner, Jerry Davis, Judy Kneen, Martin Miller.

We know Harbor High will have reason to be proud of the class of "61." The class is an active one in that many are members of the band, chorus, sports, cheerleaders, majorettes, church work, and other school clubs and organizations.

Many will remember the two, one-act plays put on by our class. In eighth grade the play was "A Ghost for Rent." This play won the judges award for that year.

Renny Carlisle has served in the office of class president for the past three years.

As eighth graders we have behind us a year of experience in the ways of Harbor.

We now must plan for the years that lie ahead, both as a class and as individuals.

This year we took our first step by planning for our future education in occupations class.

We are no longer "the little seventh graders." However, we know we must set a good example for them to follow.

Until we get into senior high, our activities are mainly social. They include class parties, carnival parading, and end-of-the-year picnics.

This year was successful under the guidance of our class officers: Dick Morrison, president; Bill Bomer, vice-president; Sue Turner, secretary.

The first year in the high school is confusing for everyone--even those who are now seniors! We are still learning to adjust to the "up" stairs and the "down" stairs, the directions around the stairwells, the harder math problems, and, of course, the age old problem of studying. However, we don't feel too bad when we don't know all the answers because anytime we ask juniors or seniors for help, they never know the answers either.

The graduating class of nineteen sixty-three is headed for big things under the leadership of president, David Fortney; vice president, Dave Turner; and secretary, Libby Hall. We are looking forward to the next five years at Harbor.

HALF-TIME STEPPERS

The majorettes have added something important to Harbor this year. Though bad weather and flu kept them from appearing often during football season, they have appeared many times. Besides outside appearances they performed for assemblies and the annual variety show.

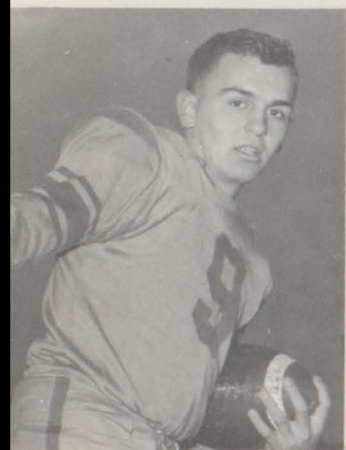

New this year, the Marinettes, a girls' drill team, have their first performance at the Homecoming Game. James Hanshumaker directs the team with the assistance of Miss Barbara Wotring. Student managers were Joanne Thayer and Elsa Hanninen.

SENIOR HIGH CHEERLEADERS

The cheerleaders are selected for their ability, personality, appearance, and attitude. All cheerleaders are under the supervision of Miss Barbara Wotring.

Once a week, during football and basketball seasons, the girls present a pep assembly. Different programs are used to inspire the team and students. They include short skits and pep talks by the coaches, players, teachers, and students.

Each year the cheerleaders sponsor a dance; this year the theme was sports. The senior high reserve cheerleaders purchased new uniforms in December of this year.

The purpose of the cheerleaders is to lead the fans at all times during a sports event. They hold the responsibility of setting an example for their school.

The Harbor Mariners, coached by John Abel, have presented a basketball season filled with many events. Spectacular games--and then, games that could have been better. One outstanding event--Bill Davidson broke the school record of 31 points set by Bob Peura and Joe Kangas, by scoring 37 points in the Edgewood game.

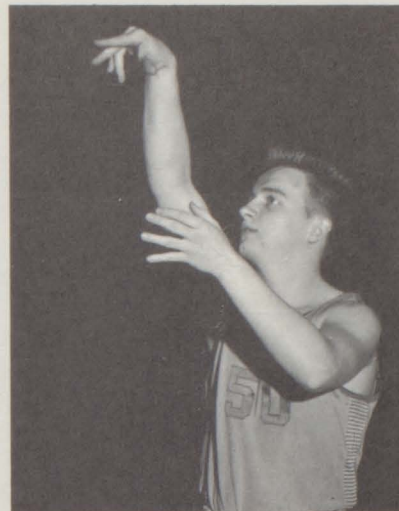

All in all, the season has been an eventful one--and one that should be remembered by everyone for what it taught.

They present skits and other dramatic programs throughout the school year. An annual event is a play contest for junior high students. Senior members cast and direct these plays. This plan is undertaken to develop an early interest in dramatic arts.

SENIOR GIRLS' CLUB

The Senior Girls' Club, which has been an active organization since 1919, has again proved its superiority as a club during the past year. It has profited financially and socially as a group well-organized and well-conducted.

Meetings were held every other Tuesday, with piano solos, readings, and dialogues included in the programs. Penny McDonel was in charge of planning the programs while refreshments were served by various members.

Pajama parties, snack shack, and yarn dolls will make any senior girl start talking about the wonderful time she had being a part of each.

From a financial viewpoint the club has had a good year. The money taken in will be used to purchase a suitable memorial.

The main purpose of the Junior Red Cross is to be of service to others.

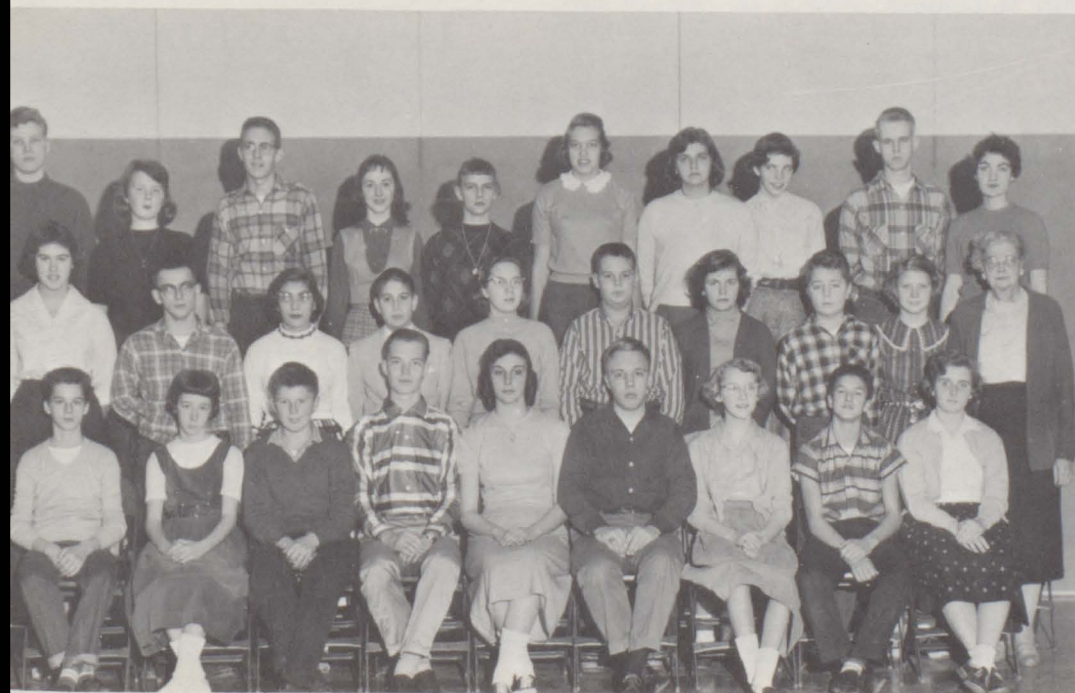

Y-CANTEEN COUNCIL

The purpose of the Y-Canteen Council is to promote friendships among the students of Ashtabula High and Harbor, and also to help to improve the community in any way that we can.

Brenda Brady, Judy Kneen, Karen Knudsen, Bonnie Bishop, Suzanne Regner, Marianne Evkovich.

The Junior Orchesis also known as the Modern Dancers, is made up of a selected group of girls who are interested in interpretive dancing. They are under the instruction of Miss Barbara Wotring.

Girls in Modern Dancing are chosen for their ability to dance, their attitude, movement, and general character. During their instruction they learn locomotion movements, movement in space, different levels of dance, and different types of body movement and leads.

During the year the Modern Dancers participated in their own Christmas program, Christmas Meditation, Variety Show, and for assemblies. They have also appeared in programs at different schools and for area organizations. Each year a Spring Recital is given to show individual, duet, and group talent.

Seventy-five per cent of the vocational student's school day is spent in laboratory work and instruction in related subjects.

Laboratory instruction covers various phases of printing and linotyping.

Printing chemistry, as related to different types of inks, kinds of paper, and other materials; social studies in the graphic arts; safety; and public relations are also stressed.

Besides the bi-weekly printing of the **MARINER**, the printing class produces all forms and programs needed by the schools.

SPECIAL ACTIVITIES

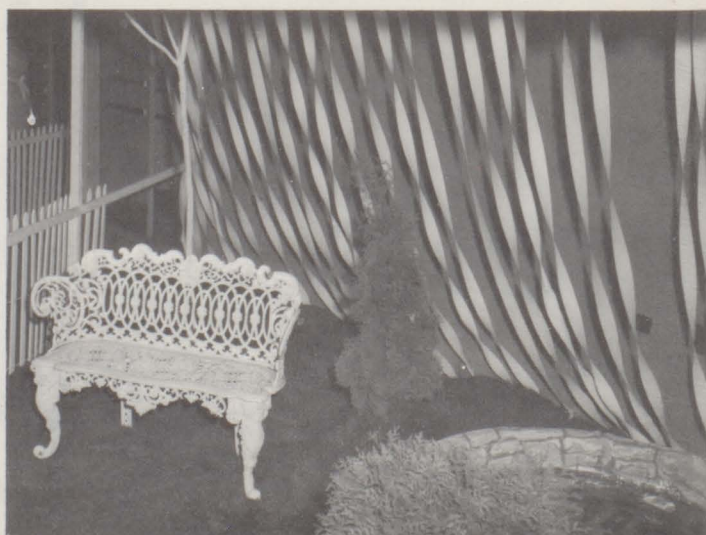

THE MAGIC OF CAROUSEL

On the evening of May 25, 1957, Fawcett Gymnasium was transformed into an enchanting "Carousel." The center of attraction was the sparkling crystal ball that revolved at the center of the ceiling. Draping from that center were streamers of pink, blue, and white crepe paper to posts set at various intervals in a circle around the gym. This formed the Carousel. A picket fence went from post to post separating the dancing area from the table area.

Two of the favorite picture taking spots were in front of the Carousel spelled in pink napkins on a white background, and by the garden at the north end of the gym.

On the east and west walls were murals depicting carnival scenes.

Preceding the festivities at the gym, a dinner was held at the Swallowsala.

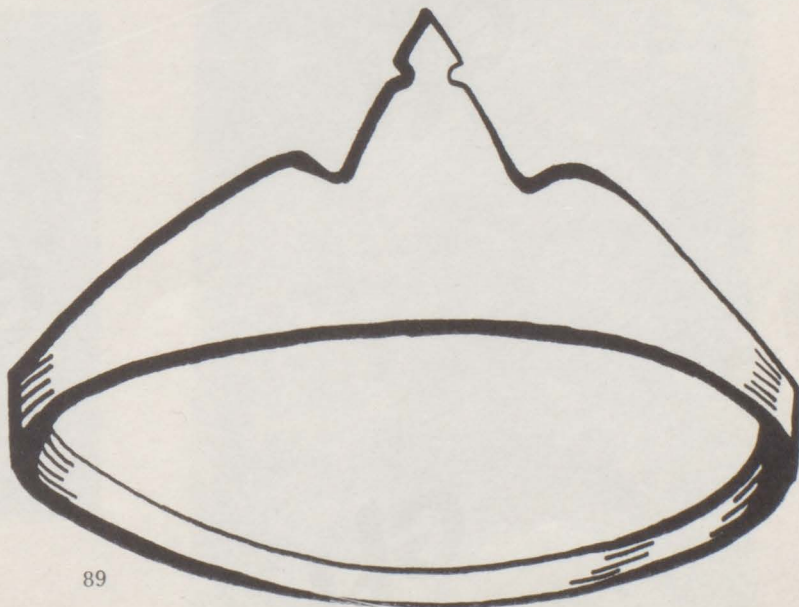

LEFT to RIGHT: Jane Buzzard, Karen Knudsen, Queen Barbie Miller, Jean Donatone, Vicki Vacchelli.

BARBIE REIGNS FOR HOMECOMING

Reigning over Homecoming festivities on October fourth and fifth was Queen Barbara Miller. Barbie and her attendants, Jane Buzzard, Jean Donatone, Karen Knudsen, and Vicki Vacchelli, were presented gifts by co-captain of the football team, Loder Lampela, during halftime of the game.

Barbie received a crown that was given by the Senior Girls' Club to be passed on to each year's queen. At the dance Saturday night, given in her honor, she presented it to Bob Huhta, junior class president, to be kept for next year's queen to wear.

The cold did not dampen people's spirits, and as a fitting climax, the Mariners beat Jefferson.

JUNE MAD

As juniors the class of 1958 presented JUNE MAD. It was the story of a young girl, Penny, and her problems in growing up.

Her crush on her young uncle's sophisticated friend, Roger, proves very disheartening. Finally she realizes that she isn't as grown up as she had thought, and she decides that her friendship with Chuck, the boy she grew up with, is worth much more than her infatuation for Roger.

A subplot portrays her very young neighbor's crush on Penny's uncle, Mervyn.

PYGMALION

PYGMALION, presented by the seniors in March of 1958, is the story of a professor of phonetics, Henry Higgins, who takes an interest in the speech of a young Cockney girl, Eliza Doolittle. He makes a bet with another phonetics expert, Colonel Pickering, that he can improve Eliza's speech and habits so much that he could pass her off as a duchess at an ambassador's party.

The play deals with their experiences before, during, and after she has become his experiment.

MY FAIR LADY, a musical hit on Broadway, was taken from this play.

ANNUAL VARIETY SHOW IS SUCCESS

With "Love" as the theme of the seventeenth annual Mariner Variety Show, the various acts portrayed it. Songs, dances, a skit, the tumblers, and the annual sophomore class play rounded out the show.

Receiving the coveted honors of Miss Varieties of 1958 and the Goddess of Liberty were Vicki Vaccelli and Karen Knudsen. These girls were chosen by a vote of the faculty.

The complete show was planned and produced by Mrs. Helia K. Lehtinen.

"I SPEAK FOR DEMOCRACY"

Democracy is not simply nine letters.

D--stands for the dead who upon our battlefields lie; they fought for a cause they believed in, even as you and I. These dead can ne'er be forgotten though generations be born anew. Our flag shall be our reminder they died for the red, white, and blue.

E--stands for efficient as a government can be, with a man called Mr. President looking after you and me. We all have a voice in our government, whatever our color or creed; each as an individual casts his ballot to keep his country free. . . free from oppression; revolts there are none. We live as American citizens, united as one.

M--stands for Mother. . . a lovable, honored, and dedicated woman. Hers is a history of hardships. She gave her all. . . at the cost of her life. . . that her children might grow without knowing pain or strife.

O--stands for OUR homeland and its ceaseless opportunities. We hold these truths to be self evident: that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, and the pursuit of happiness. With divine guidance our forefathers pledged each other their lives, fortunes, and their sacred honor for the support of the Declaration. To the men who built our country, we owe an everlasting debt of gratitude.

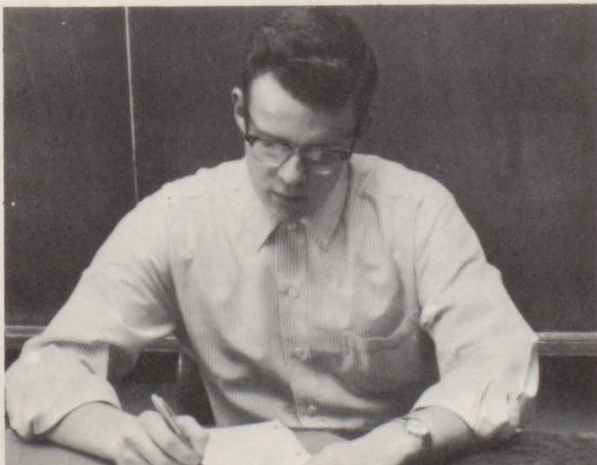

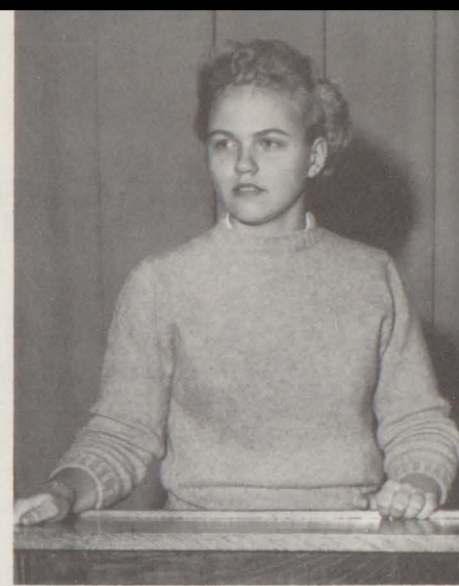

C--stands for courage. Webster tells us courage is bravery, prowess, and fortitude. Without courageous deeds, dedicated hearts, and longing for freedom, our country could not survive.

R--stands for rights. The people of the United States are given civil liberties. . . freedom of religion, freedom of speech, and freedom of the press. Every four years we may express ourselves as to the men we deem most valuable to our country's welfare. We, as citizens of a democracy look toward our Lady of Liberty. In her hand she holds a torch, whose flame reaches out to countries in turmoil, bringing this message: Give me your tired, your poor, your huddled masses yearning to breathe free, the wretched refuse of your teeming shore.

A--stands for allegiance. "I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all."

C--stands for combined. Through combined efforts our country was made strong. It took all races to build a democracy, and people of all races, colors, and creeds will continue to be an essential part of a heritage we cannot afford to lose.

Y--stands for youth, whose warm flowing blood races with vigorous aspirations, hoping that some day his desires will turn to realities. Yes, here in our democracy each youth may individually present his ideas. . . not to be laughed at or pushed aside, but rather to be taken into serious consideration. Each of us has an equal chance, for as the twig is bent, so grows the tree. Over three hundred years ago the twig was bent, bent to lead a new nation to life, liberty and the pursuit of happiness. This heritage has been given to youth, and upon our shoulders rests the responsibility of keeping our United States a democracy.

These words are the main part of Joan Kellstrom's winning speech in the Voice of Democracy contest.

When Joan was a junior, she won our school and county contests. She went on to place fourth in the state of Ohio. This was in competition with 88 other students.

Joan is the president of the Senior Girls' Club and as such will give the speech at Commencement.

John Pearson, the senior class president, won the school contest in his senior year.

One of the duties of the senior class president is to deliver the class's speech for Commencement.

CLASS PROPHECY

I, Madame Robrah (spell it backwards, just like SERUTAN), shall unfold to you visions of what the future shall bring to the graduates of 1958, with the aid of my handy-dancy little crystal ball.

Tuning in on the future, we focus first on the school. One has trouble discerning it for all the ivy on its hallowed walls and in its equally hallowed halls. Peering through the vines, in the lower office we find Superintendent of Schools, Ray Beckman, engaged in conversation with Principal Rick Cermelj.

In the upper office, gym teacher Rodger Gill, waiting for the principal, is chatting with secretary Judy Balog.

Switching to a view of Ashtabula in general, we see the new Country Club pro, Bill Schauweker, instructing corporation magnate Bill Hill in the finer points of the game.

Marlea Laird and Gary Gustafson are in the office of their brickyard on Lake Avenue.

At City Hall we find Fred Matticola, the city manager. Also at City Hall is John Pearson, janitor extraordinaire.

Ronald Carey has his headquarters at City Hall also. He is a traffic cop.

Congresswoman Carol Cramp, home for a few days, is being confronted by an irate businessman, Larry Triozzi, and his partner, Nancy Uitto, who demand to know why taxes are so exorbitant. Miss Cramp blames it all on that Democrat in the White House, Bob Riddell.

Dave Searl is currently employed as a caretaker of Lake Shore Park. His primary jobs are caring for the swans in the duck pond and taking care of the rock garden.

Coming over radio station WICA we hear one of the latest songs by that most successful torch singer, Jane Campbell. Disc jockey Merle Marrison predicts that this record will really be a hit.

In Congress a controversial bill initiated by Gordon Keyes, the senior senator from Ohio, is the subject of a furious filibuster by his colleague Dave Sasso, the other Ohio senator.

Erno Lindenmayer is appearing on Broadway in the starring role of a new play, "The Crew Cut Kid," a melodrama written by Don Tiitto in collaboration with Dave Koski.

Elinor Gehring and Gerry Greener have the romantic leads in "Me and the Prince," written, directed, and produced by Katy Orsag.

Bonnie Bishop, Patsy Miller, Penny McDonel, and Anne Laird are touring the nation in a spectacular production of SWAN LAKE BALLET. Nick Kneen is road manager for the touring company.

Sue Turner has just sent the manuscript of her new book, THE HISS OF AN ANGRY SWAN, to her publisher.

Joan Kellstrom is a star pitcher for the Indians, who have just won their twelfth straight pennant.

Karen Knudsen and Dave Pearson are starring in HAMLET, rewritten by Elsa Hanninen and directed by Gerry Nordgren.

Kathy Parker and Norma Karhulahti are chefs in an Italian restaurant in San Francisco.

Richard Jopperi is a professional wrestler.

Paul Chapman is defensive end for the Cleveland Grays, which were renamed for coach Earl.

Loretta Carpenter is at Ohio State taking her Ph. D. in Slavic Languages.

Jane Buzzard is construction boss of an oil-rig crew in the Gulf of Mexico.

Al Lundstrom is a news commentator and analyst. He also writes a highly syndicated column.

In Kalamazoo, Dick DiDonato is serving a ninety-day jail sentence for reckless driving. Judge Dick Simmen, who meted out the rather stringent sentence, states he intends it to serve as an example for other drivers.

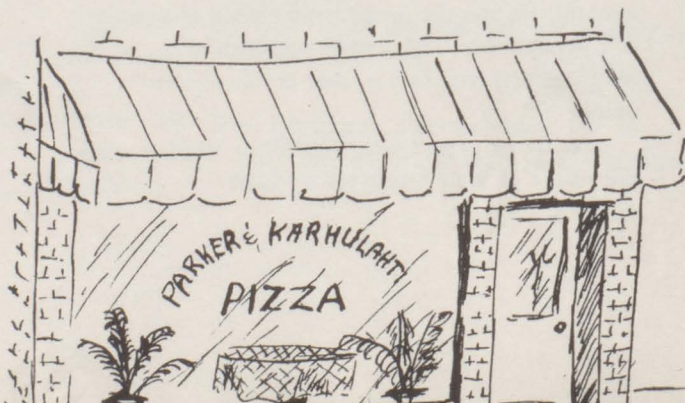

And speaking of drivers, John Hyppa has a job freighting nitroglycerin in a tanker truck from Alamagordo to Wheeling.

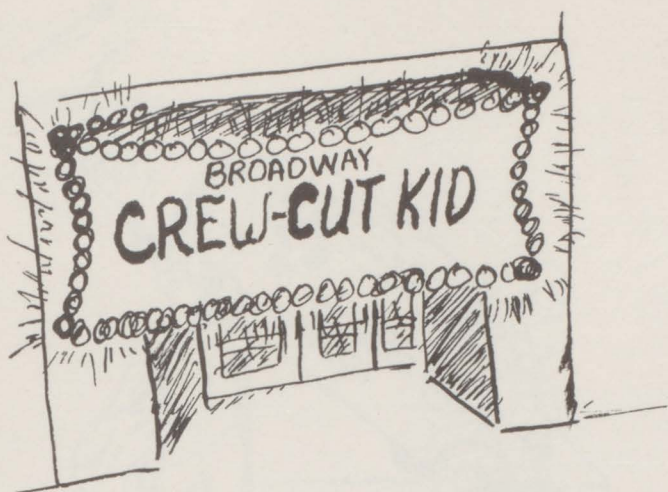

Loder Lampela is a basso profundo at the Met.

Jane Stranman and Jean Donatone are running a marriage counsel agency.

Ron Pillars is chief librarian at the Library of Congress.

Sue Smith is working in a traveling side show as the "Snake Lady." Her favorite at the moment is a twenty-foot boa constrictor.

Susan Hjerpe and Carl Schoendorfer are entered in a marathon dance contest at "Birdland" in New York. Last year's winner, Terry Luke, is the judge.

Karl Reimer is the founder and president of a highly profitable firm which manufactures lipstick for Ubangis.

Karen Niemi and Dennis Peters are co-owners of a hospital for ailing rhinoceroses and orangutans.

Ronnie Depue is working in the New York Central Railroad system as a safety counselor.

Becky L. and Becky R. Johnson are members of a traveling night club act. They bill themselves as the "Jiving Johnsons."

Charles Sarrell is Professor of Latin at Bryn Mawr.

Turning now to the international scene, we notice that Connie Kauffman is the new ambassador to the Imperial Court in Tokoyo.

Also in the Orient is Jim Sutherland, a

member of Thailand's Commission of Automobile Safety.

Paul Long is making yak carts in Thibet. Also in Thibet we see intrepid Gary Benson scaling the Himalayan peaks.

Anna Olson is an official translator at the U.S. vice-consulate in Outer Mongolia.

In Russia we come upon Dave Johnson and Louise Shouse, who operate a drug store near Red Square in Moscow.

Barby Miller is dean of the nursing staff at the Heidelberg General Hospital.

Marianne Evkovich recently opened at the night club, Americana, in Timbuku.

Sally Wassie is in the Belgian Congo gathering material for a lecture tour of the world.

In Berlin, Vicki Vacchelli has a really big record with "Du bist Mein Paison, Ja?"

John Higerd runs an escort service for young women in Madagascar. One of his more recent customers was touring debutante Nancy Morrison.

Mary Ellen Jarvi is visiting friends in Rome, and you should see just what those Romans do do!

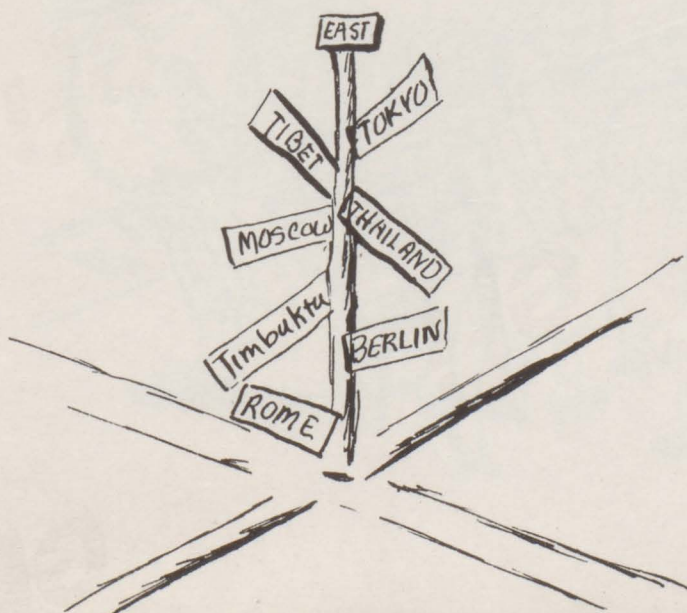

Karen Cozart is currently basking in the literary lime-light after the success of her great novel of passion and pizza in Peru, BURP.

Vince Grippe has a nursery school for tots under four years of age in Bristol, England.

Sandra Koski is employed by a Siberian firm which manufactures parkas, mukluks, and dog sleds.

Brian Hill is in the Antarctic as a member of the Fourteenth American Expedition.

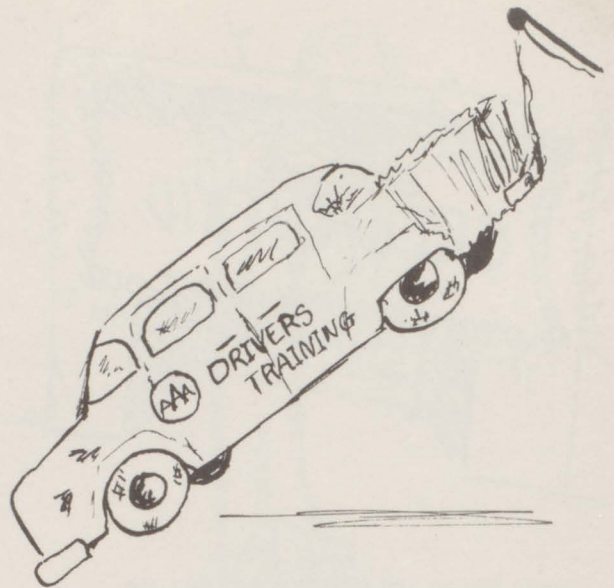

Judy Maunus is a deep-sea diver for Gerry Farman. They work in the Aegean salvaging Roman Galleons.

THANKS AND A TIP OF THE HARBOR HAT TO EVERYONE

This book would not have been possible were it not for the efforts and cooperation of our classmates, faculty, parents, and friends.

We wish to thank the members of our staff for all the work they have done. We would especially like to recognize Patsy Miller and Bonnie Bishop. Patsy was chairman of advertising, the hardest job on the whole yearbook staff. She and her committee began working at the beginning of this year and made it possible for our yearbook to support itself. Bonnie has had the responsibility for the whole layout of our book. She and her committee worked every noon for months and many late nights to make our yearbook one which we may be proud of.

Mr. Jones, our yearbook advisor, was most helpful and encouraging whenever we had a problem. He always saw that we got out of predicaments even if it meant loaning his car. Mr. "Pete" Prentner, district representative of our yearbook company, guided us through the rough spots. He made several trips to Ashtabula just to check up on "things."

The other members of our administration and faculty who really went out of their way to assist us were: Mr. Lanham and Mr. Meehan, Mrs. Lehtinen and Mrs. Beckman, Miss Boyce, Miss Teeple, Miss Wisman, and Mr. Utz.

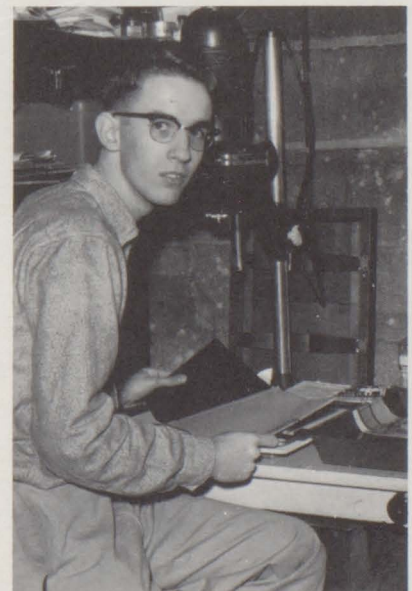

Everyone on the staff will join in thanking our parents who, in every way, were so very understanding. They changed their daily schedules to meet with our demands, especially Anne's Mom and Dad, Mr. and Mrs. Laird, who were so gracious to give us use of their home for most of our meetings.

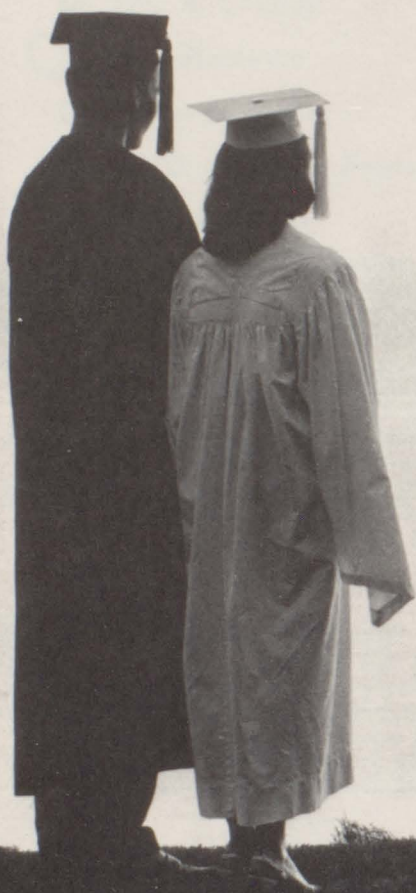

Russ Flint, a junior, was our photographer. We feel that he did outstanding work. Russ went out of his way to help us in every way with our pictures.

Sincerely,
Anne and Dick

The other committees have done their job well. Maryellen Jarvi did all the drawing of our Harbor Spirit. Her group helped her with ideas and drawings for other pages. Elsa Hanninen and her committee worked hard and long on all the copy, especially the senior quotations. Gerry Nordgren and his group did most of the informal pictures in this book and also assisted us on our night-before-deadline meetings. Sally Wassie and her typists had their material ready for the deadlines even when it was given to them the night before. The subscription committee headed by Dave Searl, had charge of obtaining subscription and of distributing the annuals.

For doing those "Extra jobs", we would like to thank: Marianne Evkovich and Charles Sarell for presenting the playlet to boost subscriptions; Sandy McNair, a junior, for writing our class prophecy; Joan Kellstrom and Dave Johnson for writing our last will and testament; Jean Donatone and Louise Shouse for doing a lot of extra typing; and Marlea Laird for doing all the odd jobs no one else would do.
